

# ***BODY & PAINT SHOP SOLUTIONS***

 **HEDSON**

— PERFORMANCE ABOVE ALL —

# ***EQUIP TO WIN***

## **TIME IS MONEY**

Time is money, and this is as important on the shop floor as anywhere else. That is why Hedson brands such as Drester, Herkules, and IRT are engineered with one thing in mind – to help you serve customers faster, better and more profitably. That means advanced equipment that is fast, effective and easy to use. And equipment that doesn't go down when you need it most. And because the full Hedson range is available from a single source, you'll save time and money. When you're going to equip, equip to win.

HEDSON

High profitability in a car refinishing paint shop is obtained by processing repair jobs in the most efficient way. Bottlenecks and waiting times must be minimized so the car can be returned to its owner in the shortest possible time. The objective for all Hedson solutions is to offer high productivity and performance as well as saving time and energy.

To provide maximum productivity in the body shop, the best possible use of floor space has to be under consideration, but also taking into account health and safety regulations.

## PREPARATION AREA

The first step in a body shop is the preparation area. Here the vehicles getting prepared (sanding, filling, taping etc.) before the coating.

### CURING

#### High performance workshop equipment that saves time and money

Careful consideration of body shop heating requirements will not only result in energy consumption savings but also make the body shop more comfortable. IRT by Hedson curing products ensures that they don't take up unnecessary floor space and due to the freeform reflectors heat consumption are reduced to a minimum. Ceiling-mounted dryers are ideal for body shop use, since they do not take up usable space and encroach into the working area.

- Drying technology that speed up the workflow
- Advanced curing technology that is easy to use
- Reduces the energy consumption

### LIFTING EQUIPMENT

#### Innovations to serve customers faster, better and more profitably

The quality of preparation fixes the final finished paint level in the preparation area.

Polluted air is often invisible to the naked eye. The effect it can have on the health of a workforce and the overall efficiency can be dramatic. The Herkules by Hedson lifts are silicone free and with use of Herkules by Hedson dust extraction it is an effective way to capture airborne pollutants at the source from fillers and paint dust from rubbing down and flattening processes etc.

- Comfortable and ergonomic working height with pneumatic lifts
- Efficient dust extraction to keep the workshop clean
- Flexible solutions that speed up the workflow

## **MIXING ROOM**

**Reliable and environmentally friendly solutions with high quality**

The mixing room provide a clean environment and is the workspace utilized to mix and prepare the paint for the vehicles that have to be painted. These rooms are often small and the Drester by Hedson gun cleaners and additional equipment's are ideal for space constrained mixing rooms.

Drester by Hedson offer several standard gun cleaners that are easy to use, fast and gives a superior cleaning result, all to meet the needs that are specific to different sizes of body shops. All additional equipment's such as mixing tables, waste collectors, recyclers etc. are provided by Drester to make the mixing room as optimized as possible.

- Excellent cleaning performance
- Minimizes the exposure of chemicals
- Flexible solutions for every size and need

## **PAINT BOOTH**

### **Efficient solutions that improves the workflow**

The purpose of a paint booth is to control the environmental conditions while an object is being spray-painted. IRT by Hedson offers fixed curing installations for the paint booth. With these products the energy consumption is reduced, due to the heating and curing only occurs on the selected panels instead of the entire vehicle and paint booth.

To move the vehicle easy into the paint booth, Herkules by Hedson offers several solutions, such as mobile lifts with remote control or trolleys for side transportation.

- Flexibility that saves energy, time and space
- Solutions that reduces vehicle transportation times
- Silicone free equipment makes sure the environment is clean

## PERFORMANCE ABOVE ALL

Hedson is a leading supplier of premium curing, lifting and cleaning systems for auto workshops and industry worldwide. We come from the land of engineering, and have decades of experience learning from and innovating to real customer needs – technologies that improve the working environment, protect workers and boost productivity. Our ambition to add real measurable values is obvious wherever Hedson solutions are seen, sold or working – from advanced yet easy to use equipment to unmatched customer service, Hedson stands for performance above all.
