

## DRESTER CLASSIC 1050 BY HEDSON

### Manual spray gun cleaner with brush and high pressure rinse gun

Water-borne paints are considerably harder to remove from spray guns than conventional paints. Therefore, the Drester 1050 by Hedson has been supplied with a pre-wash brush and a rinse gun fed with recycled water. It includes an air blow gun for drying after cleaning and a quick connect whip line for blowing out the spray gun paint channel. It can also be equipped with a flush gun, enabling use with other rinsing water/solvent as often provided by the paint manufacturers.

- Low water consumption and recovery
- Powerful diaphragm pump
- Efficient filter system

### LOW WATERCONSUMPTION

Thanks to the effective cleaning and water reuse facility, water consumption is low and the environmental impact is reduced

### AGITATED AUTOMATICALLY

The liquid is agitated automatically with air. After filtration the water can be reused or pumped out through the brush

### EFFICIENCY

Manual clean rinse with venture nozzle and foot operated for hands-free operation. Complete manual gun cleaner - all you need in one unit for manual cleaning

---

## TECHNICAL SPECIFICATION

---

Drester Classic 1050	Part.no. 1050 (standard unit)
Weight	21 kg
Air consumption	100 l/min (4 cfm)
Flow through brush	1,5-2 l/min
Air supply	5-12 bar (80-180 psi)
Liquid volume of machine	35 l
Height	1050 mm (41")
Diameter	Ø 590 mm (23")

---

## CONSUMABLES

---

### AQUASOLVE

Better cleaning performance, now with a new formula  
Part.no. 230120

### FILTERS GUN CLEANERS

Filters for better cleaning performance  
Part.no. R8701

### FLOCCULATION POWDER GUN CLEANERS

Efficient cleaning of the  
waste water

## PERFORMANCE COMPONENTS

### COVER PLATE

Cover plate  
Part.no. 9140

### DOOR

Door  
Part.no. 9530

### FLUSH GUN

Flush gun  
Part.no. 8970

### FLOW-THROUGH WASH BRUSH

Flow-through wash brush  
Part.no. 13136

### LID

Lid  
Part.no. 9520

### MOISTURE TRAP

Moisture trap  
Part.no. 4020

### WHEEL SET

Wheel set  
Part.no. 8990
