

DRESTER CLASSIC 3600 BY HEDSON

Automatic gun cleaner with manual clean rinse

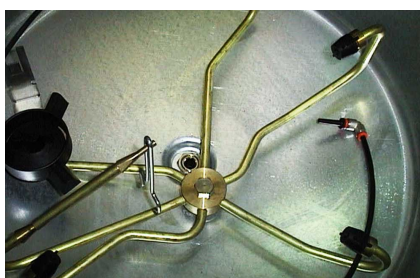

Drester 3600 by Hedson cleans automatically with circulating thinner and has a manual rinse with clean thinner. During the wash cycle, air is blown through the spray gun's air channels to keep these free from solvent and fuzz. Drester 3600 is easy to use and has an ergonomic design. The machine is air powered and can also be obtained in a two-gun model.

- Designed for use with conventional paints
- Automatic, highly efficient built-in extraction
- Equipped with air pressure regulator and water trap for durability
