with outstanding cleaning performance

HEDSON

— PERFORMANCE ABOVE ALL —

SUPERIOR CLEANING TOOLS

Manual cleaning gun cleaners with brush and high pressure rinse gun

The Drester Classics by Hedson have been on the market for decades, which says a lot about their performance and value for money. They are still very high in demand and remain a reliable choice. Drester 1000 by Hedson has been dominating the water-borne cleaning market, and with its robustness and user friendliness it still has no equivalent.

- Round sink with no welding seams for easy and convenient maintenance
- Manual wash with re-circulating solvent or recycled water
- Manual clean rinse

DRESTER 1000 BY HEDSON

High performance gun cleaner for water borne paint

The Drester 1000 by Hedson is the world's no.1 manual gun cleaner for all water-borne paint systems. Beside its unequalled 35 liter/10 gallons capacity and user friendliness, it has a built-in waste recycling system, which saves money and the environment.

DRESTER 1050 BY HEDSON

Manual gun cleaner for water born paints

Water-borne paints are considerably harder to remove from spray guns than conventional paints. Therefore, the Drester 1050 by Hedson has been supplied with a pre-wash brush and a rinse gun fed with recycled water. It includes an air blow gun for drying after cleaning and a quick connect whip line for blowing out the spray gun paint channel. It can also be equipped with a flush gun, enabling use with other rinsing water/solvent as often provided by the paint manufacturers.

DRESTER 2600 BY HEDSON

Manual gun cleaner for conventional paints

The Drester 2600 by Hedson is the complete manual gun cleaner for efficient cleaning of spray guns and other tools, which have been used with conventional paints. It has a wash brush which is fed with recirculating solvent and a nozzle in the lid for rinse with clean solvent. Empty the paint channel through a funnel in the lid and dry it with an air gun which is fitted on the side of the machine. The Drester 2600 by Hedson is equipped with the unique Drester Teflon Diaphragm pump, specifically designed for use in gun cleaners. Automatic extraction protects the operator from hazardous fumes and improves the working environment.
